You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's sponsor is not required to reimburse the Fund for losses, and you should not expect that the sponsor will provide financial support to the Fund at any time, including during periods of market stress.

Instrument allocation^{5,6}

¹ The Fund is a money market fund and seeks to maintain a stable price of \$1.00 per share. To do this, under normal circumstances, the Fund invests exclusively in a diversified portfolio of high quality, US Treasury money market instruments and may also hold cash. The master fund has adopted a policy to invest 99.5% or more of its total assets in cash, government securities, and/or repurchase agreements that are collateralized fully (i.e., collateralized by cash and/or government securities); however, as noted above, the Fund expects to further limit its investments, and under normal circumstances, the Fund invests exclusively in a diversified portfolio of high quality, US Treasury money market instruments and may also hold cash. Many US government money market instruments, including those in which the Fund invests, pay income that is generally exempt from state and local income tax, although they may be subject to corporate franchise tax in some state. The Fund generally seeks to invest in securities the income from which is considered "qualified interest income" under relevant tax law and guidance.

² The Fund is rated Aaa-mf by Moody's, indicating its belief that the Fund has a very strong ability to meet the dual goals of providing liquidity and preserving capital. Further information regarding Moody's rating methodology may be found on its website at www.moody.com. The Fund is rated AAAMmf by Fitch Ratings, which reflects Fitch's view of (1) the Fund's overall credit quality and diversification; (2) low exposure to interest rate and spread risk; (3) holdings consistent with shareholder profiles and concentrations; and (4) maturity profiles consistent with rating criteria. Further information regarding Fitch's rating methodology may be found on its website at www.fitchratings.com.

³ The Fund and UBS AM have entered into a written fee waiver/expense reimbursement agreement pursuant to which UBS AM is contractually obligated to waive its management fees and/or reimburse the Fund so that the Fund's operating expenses through July 10, 2025 (excluding interest expense, if any, expenses related to shareholders' meetings and extraordinary items) would not exceed 0.18%. The Fund has agreed to repay UBS AM for any waived management fees/reimbursed expenses to the extent that it can do so over the three years following such waived fees/reimbursed expenses without causing the Fund's expenses in any of those three years to exceed the lesser of any applicable expense limit that is in place for the Fund (i) at the time of the waiver or reimbursement, or (ii) at the time of recoupment. The fee waiver/expense reimbursement agreements may be terminated by the Fund's board at any time and also will terminate automatically upon the expiration or termination of the Fund's contract with UBS AM. Upon termination of the agreement, however, UBS AM's three year recoupment rights will survive.

⁴ Purchases are not subject to a minimum investment level. UBS Financial Services Inc. fee-based advisory programs are not eligible to make investments in the Fund (with an exception for the normal month-end automatic reinvestment of dividends by existing shareholders). The Fund may change its minimum investment requirements at any time. Investments must be denominated in US dollars.

⁵ The master fund is actively managed and its composition will differ over time. Portfolio composition may exceed 100% due to rounding.

⁶ Data are for the related master portfolio.

⁷ Unsubsidized yield refers to the yield before waivers/reimbursements.

For more information, contact UBS Asset Management at 888-793 8637. Mutual funds are sold by prospectus, which includes more complete information on risks, charges, expenses and other matters of interest. Investors should read the prospectus carefully before investing. An investment in the Fund is only one component of a balanced investment plan.

Performance data quoted represent past performance, and the Fund's yield will fluctuate. Past performance does not guarantee future results. Current performance may be lower or higher than the performance data quoted.

Current and future portfolio holdings are subject to risk.

Not FDIC insured. May lose value. No bank guarantee.
