*The master funds are not publicly offered; certain information is provided as required by US Securities and Exchange Commission regulations. Information regarding related feeder money market funds is available by contacting UBS Asset Management at 888-793-8637 or by visiting <http://www.ubs.com/usmoneymarketfunds>.*

*Investors in the fund should read and carefully consider the investment objective, risks, charges and expenses before investing. The fund's Registration Statement – Part A contains this and other information about the fund. Contact the UBS Asset Management National Sales Desk at 888-793-8637 for a current Part A. An investment in the fund is only one component of a balanced investment plan.*

**Investors should note that current and future portfolio holdings are subject to risk.**

**Investments in the fund are intended to be limited to feeder funds with accounts beneficially owned by natural persons. Each feeder fund reserves the right to repurchase shares in any account that are not beneficially owned by natural persons.**

**You could lose money by investing in a money market fund. Although a master fund seeks to preserve the value of your investment so that the shares of each related feeder fund are at \$1.00 per share, a master fund cannot guarantee it will do so. A money market master fund may impose a fee upon sale of your shares of each related feeder fund or may temporarily suspend your ability to sell shares of each related feeder fund if a money market master fund's liquidity falls below required minimums because of market conditions or other factors. An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation ("FDIC") or any other government agency. A money market fund's sponsor has no legal obligation to provide financial support to a money market fund, and you should not expect that the fund's sponsor will provide financial support to a money market fund at any time.**

**Not FDIC insured. May lose value. No bank guarantee.**

The fund is actively managed, and its holdings are subject to change and should not be considered a recommendation to buy or sell individual securities.

UBS Asset Management (US) Inc. is the master fund's placement agent.

Under normal circumstances, the Master Fund will invest at least 80% of its net assets in investments the income from which is exempt from federal income tax. Under normal circumstances, the Master Fund may invest only up to 20% of its net assets in municipal securities that pay interest that is an item of tax preference for purposes of the alternative minimum tax; therefore, even though income generated by the Master Fund (and the related UBS Tax-Free series feeder funds) may be exempt from federal income tax under normal circumstances, a portion of this income may be subject to the alternative minimum tax ("AMT").

In a limited number of cases, the Master Fund does not directly own the municipal security indicated; the Master Fund owns an interest in a special purpose entity that, in turn, owns the underlying municipal security. The special purpose entity permits the Master Fund to own interests in underlying assets, but in a manner structured to provide certain advantages not inherent in the underlying bonds (e.g., enhanced liquidity, yields linked to short-term rates).

**\*% of Total**

Represents the percentage of the total par value of the securities in the portfolio.

*The master funds are not publicly offered; certain information is provided as required by US Securities and Exchange Commission regulations. Information regarding related feeder money market funds is available by contacting UBS Asset Management at 888-793-8637 or by visiting <http://www.ubs.com/usmoneymarketfunds>.*

*Investors in the fund should read and carefully consider the investment objective, risks, charges and expenses before investing. The fund's Registration Statement – Part A contains this and other information about the fund. Contact the UBS Asset Management National Sales Desk at 888-793-8637 for a current Part A. An investment in the fund is only one component of a balanced investment plan.*

**Investors should note that current and future portfolio holdings are subject to risk.**

**Investments in the fund are intended to be limited to feeder funds with accounts beneficially owned by natural persons. Each feeder fund reserves the right to repurchase shares in any account that are not beneficially owned by natural persons.**

**You could lose money by investing in a money market fund. Although a master fund seeks to preserve the value of your investment so that the shares of each related feeder fund are at \$1.00 per share, a master fund cannot guarantee it will do so. A money market master fund may impose a fee upon sale of your shares of each related feeder fund or may temporarily suspend your ability to sell shares of each related feeder fund if a money market master fund's liquidity falls below required minimums because of market conditions or other factors. An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation ("FDIC") or any other government agency. A money market fund's sponsor has no legal obligation to provide financial support to a money market fund, and you should not expect that the fund's sponsor will provide financial support to a money market fund at any time.**

**Not FDIC insured. May lose value. No bank guarantee.**

The fund is actively managed, and its holdings are subject to change and should not be considered a recommendation to buy or sell individual securities.

UBS Asset Management (US) Inc. is the master fund's placement agent.

Under normal circumstances, the Master Fund will invest at least 80% of its net assets in investments the income from which is exempt from federal income tax. Under normal circumstances, the Master Fund may invest only up to 20% of its net assets in municipal securities that pay interest that is an item of tax preference for purposes of the alternative minimum tax; therefore, even though income generated by the Master Fund (and the related UBS Tax-Free series feeder funds) may be exempt from federal income tax under normal circumstances, a portion of this income may be subject to the alternative minimum tax ("AMT").

In a limited number of cases, the Master Fund does not directly own the municipal security indicated; the Master Fund owns an interest in a special purpose entity that, in turn, owns the underlying municipal security. The special purpose entity permits the Master Fund to own interests in underlying assets, but in a manner structured to provide certain advantages not inherent in the underlying bonds (e.g., enhanced liquidity, yields linked to short-term rates).

**\*% of Total**

Represents the percentage of the total par value of the securities in the portfolio.

Information regarding related feeder money market funds is available by contacting UBS Asset Management at 888-793-8637 or by visiting <http://www.ubs.com/usmoneymarketfunds>.*

*Investors in the fund should read and carefully consider the investment objective, risks, charges and expenses before investing. The fund's Registration Statement – Part A contains this and other information about the fund. Contact the UBS Asset Management National Sales Desk at 888-793-8637 for a current Part A. An investment in the fund is only one component of a balanced investment plan.*

**Investors should note that current and future portfolio holdings are subject to risk.**

**Investments in the fund are intended to be limited to feeder funds with accounts beneficially owned by natural persons. Each feeder fund reserves the right to repurchase shares in any account that are not beneficially owned by natural persons.**

**You could lose money by investing in a money market fund. Although a master fund seeks to preserve the value of your investment so that the shares of each related feeder fund are at \$1.00 per share, a master fund cannot guarantee it will do so. A money market master fund may impose a fee upon sale of your shares of each related feeder fund or may temporarily suspend your ability to sell shares of each related feeder fund if a money market master fund's liquidity falls below required minimums because of market conditions or other factors. An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation ("FDIC") or any other government agency. A money market fund's sponsor has no legal obligation to provide financial support to a money market fund, and you should not expect that the fund's sponsor will provide financial support to a money market fund at any time.**

**Not FDIC insured. May lose value. No bank guarantee.**

The fund is actively managed, and its holdings are subject to change and should not be considered a recommendation to buy or sell individual securities.

UBS Asset Management (US) Inc. is the master fund's placement agent.

Under normal circumstances, the Master Fund will invest at least 80% of its net assets in investments the income from which is exempt from federal income tax. Under normal circumstances, the Master Fund may invest only up to 20% of its net assets in municipal securities that pay interest that is an item of tax preference for purposes of the alternative minimum tax; therefore, even though income generated by the Master Fund (and the related UBS Tax-Free series feeder funds) may be exempt from federal income tax under normal circumstances, a portion of this income may be subject to the alternative minimum tax ("AMT").

In a limited number of cases, the Master Fund does not directly own the municipal security indicated; the Master Fund owns an interest in a special purpose entity that, in turn, owns the underlying municipal security. The special purpose entity permits the Master Fund to own interests in underlying assets, but in a manner structured to provide certain advantages not inherent in the underlying bonds (e.g., enhanced liquidity, yields linked to short-term rates).

**\*% of Total**

Represents the percentage of the total par value of the securities in the portfolio.

*Investors in the fund should read and carefully consider the investment objective, risks, charges and expenses before investing. The fund's Registration Statement – Part A contains this and other information about the fund. Contact the UBS Asset Management National Sales Desk at 888-793-8637 for a current Part A. An investment in the fund is only one component of a balanced investment plan.*

**Investors should note that current and future portfolio holdings are subject to risk.**

**Investments in the fund are intended to be limited to feeder funds with accounts beneficially owned by natural persons. Each feeder fund reserves the right to repurchase shares in any account that are not beneficially owned by natural persons.**

**You could lose money by investing in a money market fund. Although a master fund seeks to preserve the value of your investment so that the shares of each related feeder fund are at \$1.00 per share, a master fund cannot guarantee it will do so. A money market master fund may impose a fee upon sale of your shares of each related feeder fund or may temporarily suspend your ability to sell shares of each related feeder fund if a money market master fund's liquidity falls below required minimums because of market conditions or other factors. An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation ("FDIC") or any other government agency. A money market fund's sponsor has no legal obligation to provide financial support to a money market fund, and you should not expect that the fund's sponsor will provide financial support to a money market fund at any time.**

**Not FDIC insured. May lose value. No bank guarantee.**

The fund is actively managed, and its holdings are subject to change and should not be considered a recommendation to buy or sell individual securities.

UBS Asset Management (US) Inc. is the master fund's placement agent.

Under normal circumstances, the Master Fund will invest at least 80% of its net assets in investments the income from which is exempt from federal income tax. Under normal circumstances, the Master Fund may invest only up to 20% of its net assets in municipal securities that pay interest that is an item of tax preference for purposes of the alternative minimum tax; therefore, even though income generated by the Master Fund (and the related UBS Tax-Free series feeder funds) may be exempt from federal income tax under normal circumstances, a portion of this income may be subject to the alternative minimum tax ("AMT").

In a limited number of cases, the Master Fund does not directly own the municipal security indicated; the Master Fund owns an interest in a special purpose entity that, in turn, owns the underlying municipal security. The special purpose entity permits the Master Fund to own interests in underlying assets, but in a manner structured to provide certain advantages not inherent in the underlying bonds (e.g., enhanced liquidity, yields linked to short-term rates).

**\*% of Total**

Represents the percentage of the total par value of the securities in the portfolio.

The master funds are not publicly offered; certain information is provided as required by US Securities and Exchange Commission regulations. Information regarding related feeder money market funds is available by contacting UBS Asset Management at 888-793-8637 or by visiting <http://www.ubs.com/usmoneymarketfunds>.

Investors in the fund should read and carefully consider the investment objective, risks, charges and expenses before investing. The fund's Registration Statement – Part A contains this and other information about the fund. Contact the UBS Asset Management National Sales Desk at 888-793-8637 for a current Part A. An investment in the fund is only one component of a balanced investment plan.

**Investors should note that current and future portfolio holdings are subject to risk.**

**Investments in the fund are intended to be limited to feeder funds with accounts beneficially owned by natural persons. Each feeder fund reserves the right to repurchase shares in any account that are not beneficially owned by natural persons.**

**You could lose money by investing in a money market fund. Although a master fund seeks to preserve the value of your investment so that the shares of each related feeder fund are at \$1.00 per share, a master fund cannot guarantee it will do so. A money market master fund may impose a fee upon sale of your shares of each related feeder fund or may temporarily suspend your ability to sell shares of each related feeder fund if a money market master fund's liquidity falls below required minimums because of market conditions or other factors. An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation ("FDIC") or any other government agency. A money market fund's sponsor has no legal obligation to provide financial support to a money market fund, and you should not expect that the fund's sponsor will provide financial support to a money market fund at any time.**

**Not FDIC insured. May lose value. No bank guarantee.**

The fund is actively managed, and its holdings are subject to change and should not be considered a recommendation to buy or sell individual securities.

UBS Asset Management (US) Inc. is the master fund's placement agent.

Under normal circumstances, the Master Fund will invest at least 80% of its net assets in investments the income from which is exempt from federal income tax. Under normal circumstances, the Master Fund may invest only up to 20% of its net assets in municipal securities that pay interest that is an item of tax preference for purposes of the alternative minimum tax; therefore, even though income generated by the Master Fund (and the related UBS Tax-Free series feeder funds) may be exempt from federal income tax under normal circumstances, a portion of this income may be subject to the alternative minimum tax ("AMT").

In a limited number of cases, the Master Fund does not directly own the municipal security indicated; the Master Fund owns an interest in a special purpose entity that, in turn, owns the underlying municipal security. The special purpose entity permits the Master Fund to own interests in underlying assets, but in a manner structured to provide certain advantages not inherent in the underlying bonds (e.g., enhanced liquidity, yields linked to short-term rates).

**\*% of Total**

Represents the percentage of the total par value of the securities in the portfolio.

**You could lose money by investing in a money market fund. Although a master fund seeks to preserve the value of your investment so that the shares of each related feeder fund are at \$1.00 per share, a master fund cannot guarantee it will do so. A money market master fund may impose a fee upon sale of your shares of each related feeder fund or may temporarily suspend your ability to sell shares of each related feeder fund if a money market master fund's liquidity falls below required minimums because of market conditions or other factors. UBS Asset Management (US) LLC is the master fund's placement agent.

Under normal circumstances, the Master Fund will invest at least 80% of its net assets in investments the income from which is exempt from federal income tax. Under normal circumstances, the Master Fund may invest only up to 20% of its net assets in municipal securities that pay interest that is an item of tax preference for purposes of the alternative minimum tax; therefore, even though income generated by the Master Fund (and the related UBS Tax-Free series feeder funds) may be exempt from federal income tax under normal circumstances, a portion of this income may be subject to the alternative minimum tax ("AMT").

In a limited number of cases, the Master Fund does not directly own the municipal security indicated; the Master Fund owns an interest in a special purpose entity that, in turn, owns the underlying municipal security. The special purpose entity permits the Master Fund to own interests in underlying assets, but in a manner structured to provide certain advantages not inherent in the underlying bonds (e.g., enhanced liquidity, yields linked to short-term rates).
