You could lose money by investing in a money market fund. Although a money market fund seeks to preserve the value of your investment at \$1.00 per share, a fund cannot guarantee it will do so. An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. A money market fund's sponsor has no legal obligation to provide financial support to a money market fund, and you should not expect that the fund's sponsor will provide financial support to a money market fund at any time.

For more information on a UBS US money market fund, contact your Financial Advisor or call UBS Asset Management at 212-882 5254. They can send you a current fund prospectus, which includes a discussion of investment risks, sales charges, expenses and other matters of interest. Please read it carefully before you invest. An investment in a fund is only one component of a balanced investment plan.

Not FDIC insured. May lose value. No bank guarantee.
